

## *Sparkling Black Currant Punch*

2 3/4 cups Trader Joe's Black Currant Juice Beverage  
1/2 cup fresh-squeezed orange juice, no pulp  
1/2 cup sparkling mineral water, orange flavor

Mix well and then chill in the refrigerator before serving. This will allow the flavors to meld nicely before serving.

## *Pomegranate Lime Punch*

2 1/2 cups Trader Joe's pomegranate limeade  
2 cups Trader Joe's sparkling limeade  
2 Tbsp. fresh-squeezed lime juice (from about 2 limes)  
Lime wedges, for garnish  
Pomegranate seeds, for garnish  
Mint leaves, for garnish

Mix well the pomegranate limeade, sparkling limeade and fresh-squeezed lime juice. Add all the garnishes. If you prefer your limeade to be extra tart, add one additional Tbsp. of fresh-squeezed lime juice. Chill in refrigerator 1-3 hours before serving. This will allow the flavors to meld nicely and reduce the need for ice (which will dilute the flavor).
